Cookie name	Cookie type	Why is it necessary for the webpage and what is its function with respect to the user? What data does it have access to?	Lifetime
sess	Cookie used by Cordia's service providers (third-party cookie) Domain: .adnxs.com (AppNexus)	The purpose of the cookie is to test if the browser accepts cookies.	For the duration of the user's visit to the website (session). Cookies set up for this purpose are automatically deleted upon closing the website.
anj	Cookie used by Cordia's service providers (third-party cookie) Domain: .adnxs.com (AppNexus)	The cookie identifies the device of the returning user. We use it to display identified targeted advertising.	3 months
uuid2	Cookie used by Cordia's service providers (third-party cookie) Domain: .adnxs.com (AppNexus)	The cookie can recognise browser and device type, users' interests and the history of advertisements displayed on the device or browser. This information is used for the selection and delivery of advertisements, as well for measuring the performance of the advertisements. Further information: https://www.appnexus.com/en/company/platform-privacy-policy	3 months
icu	Cookie used by Cordia's service providers (third-party cookie) Domain: .adnxs.com (AppNexus)	This cookie manages the number of times a user sees a given advertisement. The cookie contains such information as, for example, how many times advertisements were displayed, how the advertisement was displayed in the recent past, and how many times all advertisements have been displayed. *Pixel tracker* – also known as *clear GIF* or *web beacon*, is an unseen mark on a website (but not on the device). If an user visits the webpage, the pixel sends a broad general notification of the visit.	No longer than 90 days

Cookie name	Cookie type	Why is it necessary for the webpage and what is its function with respect to the user? What data does it have access to?	Lifetime
		These usually work together with cookies – recording whether a webpage was visited through a particular device.	
_ga	Cookie used by Cordia (own cookie) Domain: .cordia.hu	The cookie relates to Google Universal Analytics. It distinguishing between individual users and generates statistical data on how the user accesses the website.	2 years
_gat_UA-#	Cookie used by Cordia (own cookie) Domain: .cordia.hu	In order to allow the measurement and optimisation of the performance of the website with the help of Google Analytics, this cookie makes it possible to count the number of visitors to the website and traffic sources.	1 minute
__gfp_64b	Cookie used by Cordia (own cookie) Domains: .cordia.hu / .gemous.pl	This cookie handles other cookies accepted by the user. The purpose of this is to track user activity across multiple websites. In practice this is done by storing the user's search history to increase the effectiveness of marketing tools and, maintaining anonymity, prepare reports on this in comparison with the Webpage Database. For example, Cordia can access which website a user left before accessing https://cordia.hu/ and began or finished requesting an offer. Cordia can thus conclude the effectiveness of their marketing tools (for example, an advertisement that can be clicked to bring a user onto the Cordia website) by determining, for example, how many times an advertisement must appear on the original website to make the user more likely to ask for an actual offer from Cordia.	3 years
_gid	Cookie used by Cordia (own cookie) Domain: .cordia.hu	This cookie distinguishes/recognises users and generates statistical data on how users access the website.	24 hours
_dc_gtm_UA-#	Cookie used by Cordia (own cookie)	This cookie makes it possible to track website activity and analysis. It helps in	For the duration of the user's visit to

Cookie name	Cookie type	Why is it necessary for the webpage and what is its function with respect to the user? What data does it have access to?	Lifetime
	Domain: .cordia.hu	identifying the age, gender and interests of users.	the website (session). Cookies set up for this purpose are automatically deleted upon closing the website.
IDE	Cookie used by Cordia's service providers (third-party cookie) Domain: .doubleclick.net	The purpose of this cookie is to measure the effectiveness of advertisements and to generate targeted advertisements for users. Through the use of Google DoubleClick, it records the user's activity on the website after the user has viewed an advertisement.	2 years
DSID	Cookie used by Cordia's service providers (third-party cookie) Domain: .doubleclick.net	The purpose of this cookie is to measure the effectiveness of advertisements and to show targeted advertisements to certain users. The cookie is used by Google to record user activity after the user has clicked the advertiser's ad.	15 days
Gdyn	Cookie used by Cordia's service providers (third-party cookie) Domain: .hit.gemius.pl	This cookie is set up when the user blocks participation in the GemiusAudience survey. (via various research surveys and advertising networks).	4 years
id	Cookie used by Cordia's service providers (third-party cookie)	This cookie registers a unique identifier that identifies the returning user's device. The identifier is used for the display of targeted advertisements.	1 year

Cookie name	Cookie type	Why is it necessary for the webpage and what is its function with respect to the user? What data does it have access to?	Lifetime
